## **How to Achieve Israeli-Palestinian Peace**

The outlines of the settlement are obvious

By **HOSNI MUBARAK**

Egyptian President Hosni Mubarak outlined his vision for peace in the Middle East and a settlement between Israelis and Palestinians in an op-ed in today's Wall Street Journal.

"A historic settlement is within reach, one that would give the Palestinians their state and freedom from occupation while granting Israel recognition and security to live in peace. With President Obama's reassertion of U.S. leadership in the region, a rare moment of opportunity presents itself. Egypt stands ready to seize that moment, and I am confident that the Arab world will do the same." wrote Mubarak.
